

NEW

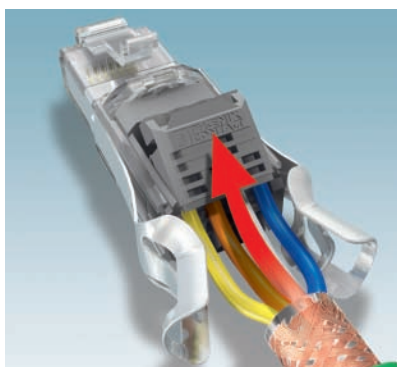

The fastest connection for Ethernet and **PROFINET**

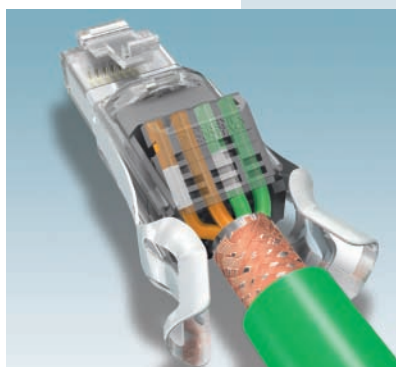

The QUICKON fast connection for Ethernet and PROFINET

Assembly of connectors with QUICKON connection is now faster than ever. Feed in the conductors, cut to length and close the wiring flaps – done! The connectors with IP20 and IP67 degrees of protection are available both as 4-pos. versions for PROFINET and 8-pos. versions for Industrial Ethernet.

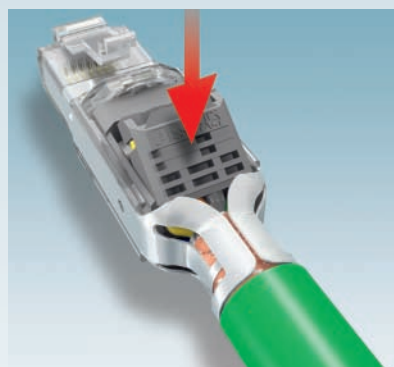

Find out for yourself!

1. Feed in the conductors

2. Cut the conductors flush

3. Close the wiring flaps – Done!
